

THE 2008 STEWARDSHIP CONFERENCE
APRIL 11 – 12, 2008 KANSAS CITY, MISSOURI

**What Older Stewards Need to
Know About Younger Stewards**

Workshop Description:

Being an adolescent in today's world has unique challenges and incredible possibilities! In this workshop we will look at the culture in which our young people navigate, and we will discuss practical ideas to help nurture our youth on their journey of faith and of stewardship. Exploring the opportunities that will encourage our young people to serve other people, to contribute their time and resources to the world and to establish habits of giving, this workshop will be a time for the participants to ask questions, develop ideas and discern ways of helping our youth become more invested within the Body of Christ.
