

THE 2008 STEWARDSHIP CONFERENCE

APRIL 11 – 12, 2008 KANSAS CITY, MISSOURI

Clergy & Money Part 1 & 2

Workshop Description:

Clergy wrestle with a variety of special issues and problems related to faith, money and parish life. These two sessions will include time for both presentation and conversation to identify and develop structures and strategies for working with money in the parish and in our own lives. Discretionary funds, pledge "blackmail", tithing to my own parish: a multitude of special problems with money are faced in the parish by the clergy. Together we can create strategies for understanding and working with these issues.

Lay persons with parish responsibilities in the area of parish finances are welcome to join the clergy in this conversation.
